

INSTRUCTIONS FOR IMPLEMENTING: THE CALL to SAVE 60,000 REFUGEES CAMPAIGN

Dear Group Leader:

Thank you for joining the **CALL to SAVE 60,000 REFUGEES!**

- We need you, the group leader, to:
 - host a physical meeting (make it fun!) when people make their calls *OR*
 - hold a Skype meeting where people commit to make their calls *OR*
 - call each of your group members and ask them to commit to making calls
 - tell your members to report their calls back to you.

We all need to be held accountable – let's face it, if it's not counted it's not done.

- We expect each member to make an average of 5 phone calls.
- We hope to reach the goal of at least 60,000 **by Friday April 6th**, before representatives leave DC and final funding decisions are made.

1. **Who can call?** Recruit callers anywhere, but they must be US citizens with a home state.

2. **Who do the Callers call?** Please ask the callers to make 5 phone calls:

- Representatives for **where they live** (3 calls – 2 senators; 1 member of the House)
- The White House (1 call)
- An individual/contact who lives in one of the states on the list below (1 call):

[Priority List of Members of Congress in Key Positions](#)

3. **What's the best way to get my group members to do this?**

If possible, we ask that Callers make the phone calls in groups or agree as a group to report back before Thursday, April 6. It adds a degree of accountability and it's more fun. Make a party out of it! Do your calls over lunch!

Send us photos of your Calling Parties – we'll post them on social & give you shout-outs!

4. **What does the Caller say?**

EASY! Here is YOUR [Call Script](#).

5. **After the call, what does the Caller do?**

Report back to the Group Leader with their call count **OR** they tell their group leader that they've logged their calls themselves via this link: [CALL LOG to Save 60,000 Refugees](#)

6. **What does the Group Leader do with this information?**

Once a day, the Group Leader logs calls reported to them, via: [CALL LOG to Save 60,000 Refugees](#)

7. **What will IRIS do with the information?**

IRIS will keep an updated running tally on our Face Book page and on our Website www.irisct.org of the total number of phone calls that are made. There will be "shout outs" for groups as they reach the milestones of 100, 500, and 1,000 calls and for individuals or groups who give us photos for social posts!
